Pôle de Dakar  
EDUCATION SECTOR ANALYSIS

# Platform of expertise in vocational training

**Contribute  
to growth and  
employment  
in Africa**

A platform developed by IIEP Pôle de Dakar

The Pôle de Dakar of the International Institute for Educational Planning (IIEP - UNESCO) is a center of expertise in education and training. Established in 2001, the Pôle de Dakar has been offering its services to African countries for 15 years. Its activities contribute to UNESCO's support for the development of effective, sustainable, equitable and endogenous education policies in Africa.

With the financial support of the Agence française de développement

# The Pefop supports the overhaul of vocational training policies in Africa

> To fuel economic growth and the competitiveness of firms through appropriate training offer

> To help young people secure employment through stronger training-job adequacy

By contributing to the implementation of vocational training policies

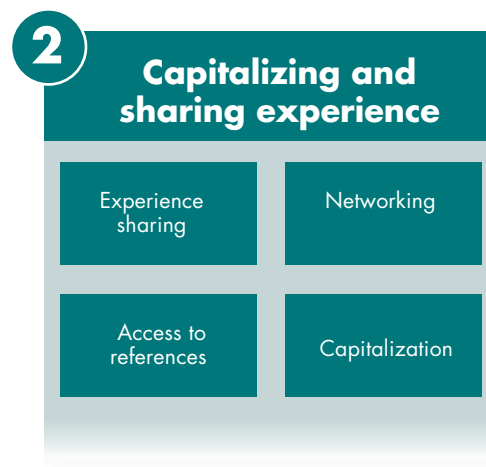

By galvanizing the public and private players involved in putting reforms into practice

## 3 complementary components

Four partner countries (component 1)

- Burkina Faso
- Côte d'Ivoire
- Mauritania
- Senegal

A broader network of countries and stakeholders involved in vocational training policies in Africa for components 2 & 3

## 5 strategic priorities

Public-private partnerships

Steering by economic demand

Validation of skills processes

Equity and access

Sustainable long-term funding
